Support the Gateway Education Foundation while shopping!

Huntington – Did you know that you can raise funds for the Gateway Education Foundation when you shop online? You can, if you process your Amazon order through "Amazon Smile". It's simple and a percentage of your sales will be give to the Foundation.

AmazonSmile is operated by Amazon and has the same items and prices as their regular website. The difference is that the AmazonSmile Foundation donates 0.5% of eligible purchases to a charity that you choose. Just go to http://smile.amazon.com , select the Gateway Education Foundation from their list of approved charities, and start shopping.

When added to hundreds of other shoppers, even small orders can make a difference for the Gateway Education Foundation and the students and classrooms of the Gateway Regional School District!
